AUCKLAND

Auckland is the main Gateway City to New Zealand. Greater Auckland, with a population of 1.5 million, is New Zealand's largest urban area and centre of commerce and industry, but within minutes of the city, you can experience uncrowded beaches, rural countryside and forests.

BAY OF ISLANDS

Golden beaches fringed by Pohutukawa trees, secluded coves, turquoise water and 144 islands to explore. Cruises, boating, sailing, surfing, fishing, diving, swimming with dolphins, jet skiing and more. Townships in the Bay of Islands include: Paihia - known as the jewel of the Bay Of Islands.

COROMANDEL

Fabulous golden and white sand beaches with magnificent coastal scenery, a rugged forest cloaked interior waiting to be explored, are just some of the natural attractions available. Renowned worldwide for its natural beauty - misty rainforests and pristine golden beaches, *The Coromandel* is blessed with hundreds of natural hideaways making it an ideal place to slow down, relax and unwind.

ROTORUA

Rotorua has the most energetic thermal activity in the country with boiling mud pools, gurgling hot springs, gushing geysers and some rather unpleasant smells.

NAPIER

The Art Deco City is world-famous for its Jazz Age Architecture which rose from the rubble and ashes of a disastrous earthquake and subsequent fires which devastated the city in 1931.

WELLINGTON

Wellington, the capital city of New Zealand, is nestled amongst the green hills and valleys and surrounds one of the finest natural harbours in the world.

NELSON

Nelson is a favourite vacation destination for many New Zealanders. The climate is the most enviable of any New Zealand city, with the highest sunshine rate in the country. It has its own golden beach at Tahunanui, and Kahurangi, Nelson Lakes and Abel Tasman National Parks are all within easy reach.

KAIKOURA

Kaikoura is one of the leading eco-tourism destinations in the country with a wealth of uniquely memorable experiences to offer. During the 19th century, the local Maori tribes of this beautiful land were joined by rough and ready European settlers who established a number of whaling stations.

CHRISTCHURCH

Following the 2010-2011 earthquakes, Christchurch has re-emerged as a vibrant, ever-changing city. Christchurch is surrounded by a region of natural wonders and remarkable contrasts.

GLACIER COUNTRY: FOX GLACIER & FRANZ JOSEF GLACIER

New Zealand's Glacier Country, on the South Island's West Coast, is at the heart of the broader UNESCO World Heritage Area, TeWahipounamu.

WANAKA

Wanaka is nirvana for those seeking to combine an adrenaline buzz with fine living while enjoying beautiful scenery and the outdoors.

QUEENSTOWN

Queenstown, right on the shores of Lake Wakatipu, is nestled in what is surely one of the most scenic spots in the world.
